

Practice session 28/04/20

Today there will be no new work as I think you have worked really hard up until now and could use this day to catch up on any unfinished work, read your favourite book or look at what the specialists have prepared for you.

Make sure that today you go through your Main lesson book and check if all the drawings, writings and borders are finished.

Do the same with your Diaries. Some of you have completed Moss Observations or maybe even Fern Observations – check that both the writing and drawing are completed.

I have uploaded a painting exercise which you could also do today.

Alternatively, if all the work has been completed – use this time for silent reading or music practice.
