

Hello class 5's and 6's. You have 2 tasks set for this week

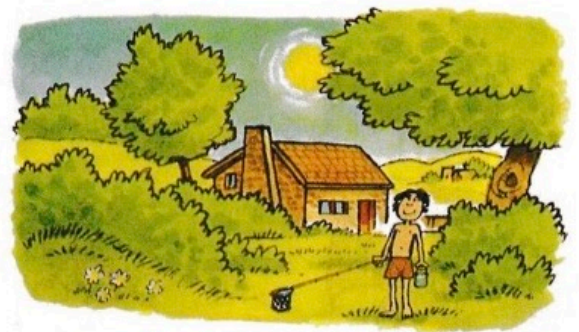

Task 1: Read along in your books to the recording of me reading out our poem '**Hoffnung**'. When you feel comfortable you can read along out loud.

Task 2: Your 2nd task this week is to design a full page in your German books representing the four seasons. You'll need to split your page into 4 even sections, ruling a vertical line down the middle of your page and a horizontal line across the middle of the page. Then in each section draw a picture representing each season of the year

Like so:

der Frühling

der Sommer

der Herbst

der Winter

Once you have drawn your seasonal pictures, I would like you to choose from the words below and write them in the appropriate picture. For example **der Schnee** would go in the picture you draw about winter. If you look in the seasonal pictures above **der Schnee** is in the winter section. And in the Autumn section you'll find **Der Wind** and **der Regen**. You can just list them one after the other somewhere in your picture. Try to find a spot for each of the below words.

der Wind = wind
der Regen = rain
der Regenschirm = umbrella
der Blitz = lightning
der Nebel = fog
der Dunst = mist
der Frost = frost
der Regenbogen = rainbow
der Schnee = snow
der Tau = dew
die Sonne = sun
die Wolken = clouds
